2017 AWHONN Intermediate Fetal Heart Monitoring Workshop Dates
February 7-8; May 17-18; September 13-14; November 8-9

Location: Nursing Clinical Education Center, 4 West General Hospital, UI Hospitals & Clinics, Iowa City, IA

Audience: Limited to licensed care providers (including nurses, doctors, and midwives) who meet the prerequisites stated below.

Nursing Credits (Optional): 14.6 contact hours [1.46 CEUs] will be granted by UIHC Department of Nursing (IBN Approved Provider #34)

Prerequisites: Fetal Heart Monitoring Principles and Practices is not a basic monitoring course. The workshop builds on the knowledge and skills of experienced nurses. It is designed for clinicians who have completed a basic or foundation fetal heart monitoring course or who utilize fetal heart monitoring in the intrapartum setting.

AWHONN is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center’s Commission on Accreditation. AWHONN also holds a California BRN number California CNE provider # CEP580.

Accredited status does not imply endorsement by AWHONN or ANCC of any commercial products displayed or discussed in conjunction with an activity.

Objectives:
1. Demonstrate the decision-making process necessary for proper selection and verification of fetal heart monitoring techniques.
2. Analyze fetal heart rate patterns and their implications for fetal well-being.
3. Correlate indicated clinical interventions with related maternal-fetal physiology.
4. Describe the role and responsibility of the professional nurse in the use of fetal heart monitoring in intrapartum care.
5. Simulate the psychomotor skills utilized in fetal heart monitoring.
6. Communicate verbal and written data to verify accountability.

Purpose: The Intermediate FHM course promotes integration of knowledge and skills essential to nursing assessment, promotion, and evaluation of fetal safety during labor.

Description: This is a 2-day intermediate workshop focusing on the application of essential fetal heart monitoring and skills in intrapartum nursing practice. Day one and day two will focus on a combination of the following: an analysis of case scenarios requiring synthesis of key principles pertinent to the physiologic basis of fetal heart monitoring technology; tracing interpretation, nursing intervention; verbal and written communication skills; skill sessions that involve demonstration, practice, and testing of auscultation skills; performance of Leopold’s Maneuvers; placement of an intrauterine pressure catheter and scalp electrode; communication; and documentation. Completion of written examinations and performance skills evaluations are requirements for successfully completing the program and earning continuing education credit (no partial credit will be awarded).

Refunds: Full refund if notified by the designated registration deadline date; no refunds after that date. Substitutions are permitted at any time but must meet stated prerequisites. Failure to meet prerequisites will result in course withdrawal.

UI Hospitals and Clinics Department of Nursing
Children’s and Women’s Services

Faculty:
- Jeana Forman, MSN, RNC-OB, Nursing Practice Leader
- Amy Dunbar, BSN, RNC-OB, Obstetric Nurse Specialist, Iowa’s Statewide Perinatal Care Program, Department of Pediatrics
- Haley McNulty, BSN, RN, Staff Nurse, Children’s and Women’s Services, Department of Nursing
- Heather Mccone, ARNP, CNM, Clinical Assistant Professor, Department of Obstetrics and Gynecology

Faculty are AWHONN FHMPP Instructors

Registration Fee: The registration fee for the two-day course is $237. The fee includes breaks, parking, and CE credits; lunch is on your own.

Course reading/class materials: Registrants are responsible for purchasing / accessing course reading. Dental Heart Monitoring Principles and Practices, 5th Edition. The electronic text with 1 year access can be purchased for $35 by contacting Jeana Forman at jeana.forman@uiowa.edu. Class materials are ordered from AWHONN three weeks prior to the program. Late registrants may be accepted; please contact Jeana Forman at the above email address.

Registration: Return the completed registration form and applicable fees three weeks prior to the workshop. Class size is limited. CONFIRMATION WILL NOT BE MAILED. Maps, housing information and receipts will be provided upon request. Class materials are ordered from AWHONN three weeks prior to the program; therefore late registrants are responsible for purchasing/accessing the course text on their own.

Nursing Credits: 14.6 contact hours [1.46 CEUs] will be granted by UI Hospitals & Clinics Department of Nursing Services and Patient Care (IBN Approved Provider #34). Participants must attend the entire workshop to receive credit; no partial credit will be awarded.

Refunds: Full refund if notified by the designated registration deadline date; no refunds after that date. Substitutions are permitted at any time but must meet stated prerequisites. Failure to meet prerequisites will result in course withdrawal.
